Solutronic Energy GmbH
Küferstraße 18 • D-73257 Köngen

EU Declaration of Conformity

The following inverter for photovoltaic

SOLPLUS 80	(nominal power	8000 W)
SOLPLUS 100	(nominal power	10000 W)
SOLPLUS 120	(nominal power	12000 W)
SOLPLUS 100-DK	(nominal power	6000 W)
SOLPLUS 100-BE	(nominal power	10000 W)

are in conformity with the provisions of the following EC directive (directives)
(together with all changes and supplements)

2004/108/EC (Electromagnetic Compatibility)
2006/95/EC.(Low Voltage Directive)

That includes the following Norms:

EN 61000-6-2 **interference immunity**
EN 61000-6-3 **interference emissions**
EN 61000-3-2 **Secondary effects on the grid**
EN 55011 EN 55014 **HF-disturbance**
EN 62109 **safety**

The product is therefore entitled to bear the CE mark.

The last two numbers in which the CE Norm was affixed: 10

Advice:
The device is to be installed into a PV-system. Therefore the test result is not transferable to a live PV-system in every case. The installation instructions are to be observed.
In any case of arbitrary change of the supplied devices or nonobservance of instructions the validity of this declaration of Conformity is void.

Solutronic Energy GmbH
Köngen, 2014.02.03.
