Replacement inverter enquiry

Do you need a suitable replacement for your inverter? Send us the details below and any documents you have. We will review the options and prepare a quotation.

01 Your details

Company, if applicable

Name

Street and house number

Postcode and city

Telephone

Email

Existing order number, if available

02 Your existing inverter

Manufacturer and model

Power in kW

Single-phase or three-phase

☐ Single-phase ☐ Three-phase

03 Your solar installation

Module manufacturer and model

☐ Mono ☐ Poly ☐ Thin-film

Number of strings per inverter

Number of modules per string

Open-circuit voltage Voc in V, from module datasheet

Short-circuit current Isc in A, from module datasheet

If possible, attach the module datasheet, wiring or string diagram, and any nameplate photos you have. You can mark any information you do not have as “unknown”.

Additional information or requirements

Information about your enquiry

We need sufficient technical information about your installation to select a suitable replacement device. We will contact you if any information is missing.

This enquiry does not place an order for a device. Any subsequent purchase is subject to the accepted quotation and the terms and conditions provided and agreed before the contract is concluded.
